Excellence in All We Do

The 90th Anniversary of American Education Week finished today today after recognizing many of the groups that help our students succeed at school and in life. Realizing that it takes lots and lots of people to help our students is vital in creating an atmosphere of positive learning. The celebration planned for next Tuesday is one way the district plans to recognize the student and staff achievements from the past year. The support of the community is encouraged and more than welcome. Please help spread the word and take off a few hours and enjoy with us.

Cancer Awareness Bracelets

There are several bracelets on the wrists of students in the building promoting cancer awareness, however, the phrase used has become a distraction in the classrooms. We encourage students to raise cancer awareness through a different channel.

Have a Happy Thanksgiving!
