## Essentials

Several responses have come through the survey since last week looking at the similarities and differences between the Essential 55 and the Earn Your Shoes items. One of the statements that was the closest to an even split is the one listed below. The verdict... even though we don't all agree on which value it represents, it still needs to take place.

*"Answer all questions with a complete sentence."*

*"The difference between a successful person and others is not a lack of strength, not a lack of knowledge, but rather a lack in will."*
